

MAKE YOUR MARK

with The Foundry

FORGING A NEW HOME

Nonprofit Hub is more than just a home for nonprofits. A new brand was created to better reflect the organization's mission: to help more people do more good for Lincoln and the world. **Thus, The Foundry is the new name for the space at 211 N 14th Street.** The Foundry is transforming from the inside out to offer more flexible private office space, more collaboration opportunities and even a premium coffee bar (yes, there will be beer and wine, too). Net proceeds from the coffee bar will be donated to Lincoln nonprofits and causes.

LET'S TAKE IT SLOW.

We wanted to make becoming a Founder of The Foundry as open and accessible as possible, and we're super excited to announce our new month-by-month plan.

Not everyone has \$500 burning a hole in their pocket. Or maybe you'd rather pay for your brick like you pay for lots of other stuff: your car, your phone, your music streaming service. Well, now you can.

For \$42 per month (\$504 for the year), you can become a Founder and help make Lincoln even more remarkable.

MEMBER BENEFITS

- Your name up on a big ole brick wall in the coffee bar
- Drink discounts for when you need to pep up or when you need to wind down
- Limited edition Foundry coffee mug to add to your stash
- Voting rights to choose the recipient of The Foundry's quarterly profits

THE NEXT STEP

Become a Founder today by visiting www.thefoundry.co/foundry. And hurry - we have **just 500 bricks available**, and our campaign ends August 1!

FROM THE FOUNDERS

“As a young professional committed to Lincoln and the surrounding community, I know how important it is to invest in its future. **I’m proud to be on the front end of something I know will be BIG!**”

Kyle Cartwright

“There are so many deserving nonprofits locally and choosing who to support can be difficult. We invested in The Foundry because **they work to support and enrich the whole nonprofit community.**”

Erin Dobesh

“My support of the Foundry has been extremely rewarding, as their work of helping nonprofits and social impact companies learn how to become self-sustainable creates a virtuous cycle. Teaching these organizations “how to fish” is a paradigm shift for many, and **I feel lucky to have such a great resource in Lincoln.**”

Jared Carlson

“I invested in The Foundry because it is an investment in the difference-makers within the Lincoln community. The Foundry provides the physical space and necessary tools to allow dreamers to focus on what is important. An investment in **The Foundry is an investment that pays a continual dividend in social impact.**”
